

## PRIME ATLANTIC GROUP ENVIRONMENTAL POLICY

The Prime Atlantic Group Top Management Team are fully committed to protecting the local and global environment. Prime Atlantic Group will minimize environmental impacts relating to all their products and services.

This will be achieved by:

- Prime Atlantic Group Top Management Team ensuring that environmental protection is firmly embedded in the organisation and all employees culture and will endeavor to influence suppliers and customers in a similar strategic environmental manner.
- Educating, training and motivating employees to carry out their work in an environmentally responsible manner.
- Maintaining, reviewing, and constantly improving an Environmental Management System that meets the requirements of ISO 14001.
- Prevent pollution, reduce waste, and minimize the consumption of resources in all work processes.
- Compliance with all applicable legislation and other requirements that Prime Atlantic Group subscribe to relating to environmental aspects.
- Encourage and enhance biodiversity and ecology.
- Setting objectives and targets for sustainability, environmental performance and improvement, and assign responsibilities for these to members of the management team.
- Separating waste at source and only using registered and legally compliant waste processing contractors for removal.

Prime Atlantic Group are committed to continually improving environmental performance and sustainability. This policy will be communicated to all employees, subcontractors, suppliers, customers, stakeholders, and the public on request. This policy will be reviewed periodically.
